Action Plan for PFS Funding for Coalitions without an approved Strategic Plan

___ Coalition

Goal 1:

Note: A goal is a statement that explains what the community wishes to accomplish or change about the intervening variable (Risk or Protective Factor). It sets the direction for the intermediate-outcome (2-5 years) to be achieved. (For example, "Reduce family management problems.") *

Objective 1.1:

Note: An objective should address the local condition and break down the goal into smaller parts that provide specific, measurable actions through which the goal will be accomplished. Objectives define what the coalition expects to achieve through the coalition's efforts.

Objectives are meant to set direction for the short-term (6 months-2 years) outcomes with realistic targets. (For example, "Improve family management skills in at least half of the middle school parents attending the classes.") *

Strategy 1.1.1: Note: Provide a summary of programs and/or activities planned. *

Activity/Program	Brief Description	When	How	Who	Lead Organization	Responsible Party (ies)
Name of activity/program	Briefly state the main purpose of the activity	When will this take place? What is timeframe for this activity?	How much? How often?	Who is this service for? How many people impacted?	Who is conducting?	Who from the coalition is making sure this gets done?

^{*} Work with Prevention System manager if needed.

Allowable Food Cost Update

SAPT Block Grant and Partnership For Success (PFS) funding:

- Light refreshments or snacks not to exceed \$2.50 per person for Community coalition meetings and prevention service programs that are at least two (2) hours in duration
- Meals for participants of substance abuse prevention training events that are at least four (4) hours in duration - within the current Washington Sate per-diem rates.

Allowable Incentive Cost Update

SAPT Block Grant and PFS funding:

- Non-cash incentives not to exceed \$20 per participant per year with the goal to encourage attendance and/or attainment of prevention goal.
 - May not be used for entertainment.

Learning Community Meeting Structure Follow-up

What is Working?

- Regular schedule same time and date each month
- Strong preference for on-line (GoTo Meeting) over K20 setting
- Consistent communication
- Opportunity to problem solve
- DBHR updates
- Relevant information shared

Enhancing Learning Community Meetings with your feedback

- Provide presentation slides the Friday before the Wednesday meeting
- Reduce required meeting length to 2 hours every month (schedule 3rd optional hour when needed)
- Request input on meeting topics of interest via Survey Monkey for next year
- Increase interaction during meetings

Enhancing Learning Community Meetings with your feedback

- Use polling feature more often
- During meeting provide opportunity for attendees to volunteer to share success stories at next meeting
- Plan to include relevant guest speakers and national speakers when possible
- Provide Continuing Education Hours as appropriate

Enhancing Learning Community Meetings with your feedback

- Display the meeting attendee names
- Improve audio for DBHR staff speaking
- Potentially incorporate regional meeting(s) into meeting schedule (discussion to follow)
- Post CPWI meeting notes on Athena Forum within a week of the meeting
- Create coalition mentoring opportunities
- Update from OSPI/ESDs as standing agenda item

Regional Meetings in Concert with GoTo Learning Community Meetings

2013 Summit & Follow Up

NITED

oud

- The 2013 summit inspired efforts on bullying
- Significant correlations are found between:
 - -bullying and depression, and
 - -depression and substance use
- Currently in the planning process
- Efforts will integrate social norms messages, similar to 2012

2012 Summit & Follow Up

- The 2012 Summit led to efforts focused on substance use, self-worth, etc.)
- Messages countered youth 'over-perception of peer alcohol use'
 - Percent of students who overestimate peer use (HYS 2012)
 - Grade 8- 58%
 - Grade 10-80%
 - Grade 12-60%
- Local messages highlighted that "94% of middle school students don't use alcohol, etc."

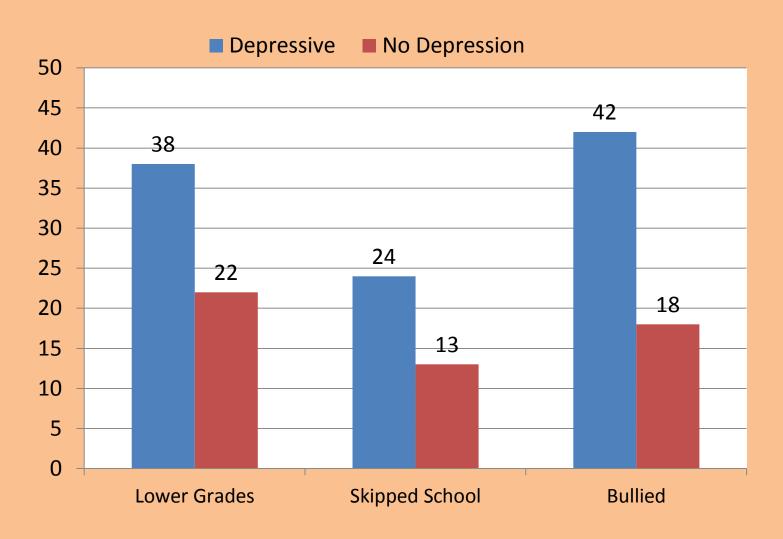

Ferndale Natural High Campaign:

• 97% of Ferndale students reported seeing the locally developed social norming messages

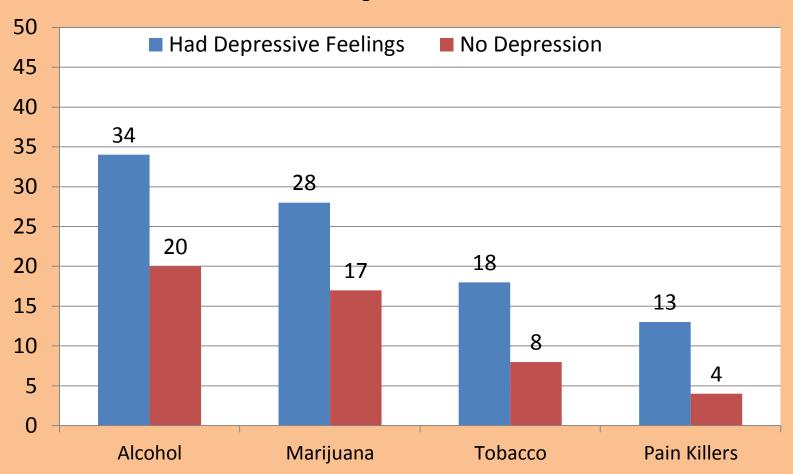

Depressive Feelings and School

Students in 10th grade that reported depressive feelings in the past year experienced lower grades, skipped school more, and were bullied more.

Depression and Substance use

Students in 10th grade that reported experiencing depressive feelings in the past year demonstrated higher levels of substance use.

Importance of School Connections

Percent of current marijuana use among 10th grade students by school engagement.
