

**Amendment 2 to Request for Applications #18/19-006 (RFA # 1713-665):  
Community-based Mental Health Promotion and Suicide Prevention Services  
December 29, 2017  
Clarification of Form D and Incorporation of Exhibit 1, Sample Contract**

---

This document amends Request for Applications 1713-665 (DBHR Reference #18/19-006) as follows:

1. Form D, Action Plan, includes a column that states “will you be able to begin services by 1/16/17”. Since funding decisions are not scheduled to be announced until 1/17/18 with a projected contract start date of 2/9/2018, this language is incorrect. Please disregard the reference to 1/16/17, which should be replaced with the phrase “within two weeks following contract execution.”
2. The RFA contains a reference to an Exhibit 1, Sample Contract, which was erroneously included since there is no Exhibit 1, Sample Contract, included with the RFA documents. This reference should be disregarded. Following the announcement of awarded applications, DBHR will transmit a contract to each organization that is selected for program funding. Each contract will contain a unique Exhibit B, Statement of Work, describing the program to be carried out.
