

What Does a Student Assistance Specialist Do? Project SUCCESS

Student Assistance Specialists also:

- Conduct substance abuse prevention and awareness training for school staff
- Present about the program at faculty meetings and school events
- Meet with school staff to increase referrals
- Participate in substance abuse prevention task forces (coalitions, committees, etc.)
- Attend activities for students, parents, and faculty

NOTE: Each school site has adaptations with the understanding that Project SUCCESS isn't one-size-fits-all. Different schools require adjustments to parts of this model for different reasons. Questions or concerns should be directed to the ESD Supervisor.
