

Agenda

2:30-2:35 PM	Welcome and webinar directions
2:35-3:05 PM	Partnerships for Success Targeted Enhancement Grants - Julia Havens
3:05-3:30 PM	Mental Health Promotion and Suicide Prevention Grants - Scott Waller
3:30-4 PM	Questions and discussion about the funding opportunities
	(NOTE: some participants in the webinar may choose to leave at this time in order to participate in the Prevention Summit Chaperone web meeting.)

Notification of Recording

- DSHS policy requires us to notify you that this GoTo Meeting is being recorded. And the recording of this session will be posted to an online resource where it can be accessed by interested persons.
- This means there is no assurance of anonymity or confidentiality for individuals participating in this webinar.
- Additionally, by continuing to participate in this webinar you are agreeing that your voice may become part of the final product when it is posted.

Notification of Recording

- Finally, if you are not okay with being recorded, please leave the GoTo Meeting now and contact Scott Waller, (360) 725-3782 to make alternative arrangements to receive the information.

DBHR Funding Opportunities: Targeted Enhancement Projects & Mental Health Promotion/Suicide Prevention

October 8, 2014

Julia Havens and Scott Waller

Partnerships for Success Targeted Enhancement Projects

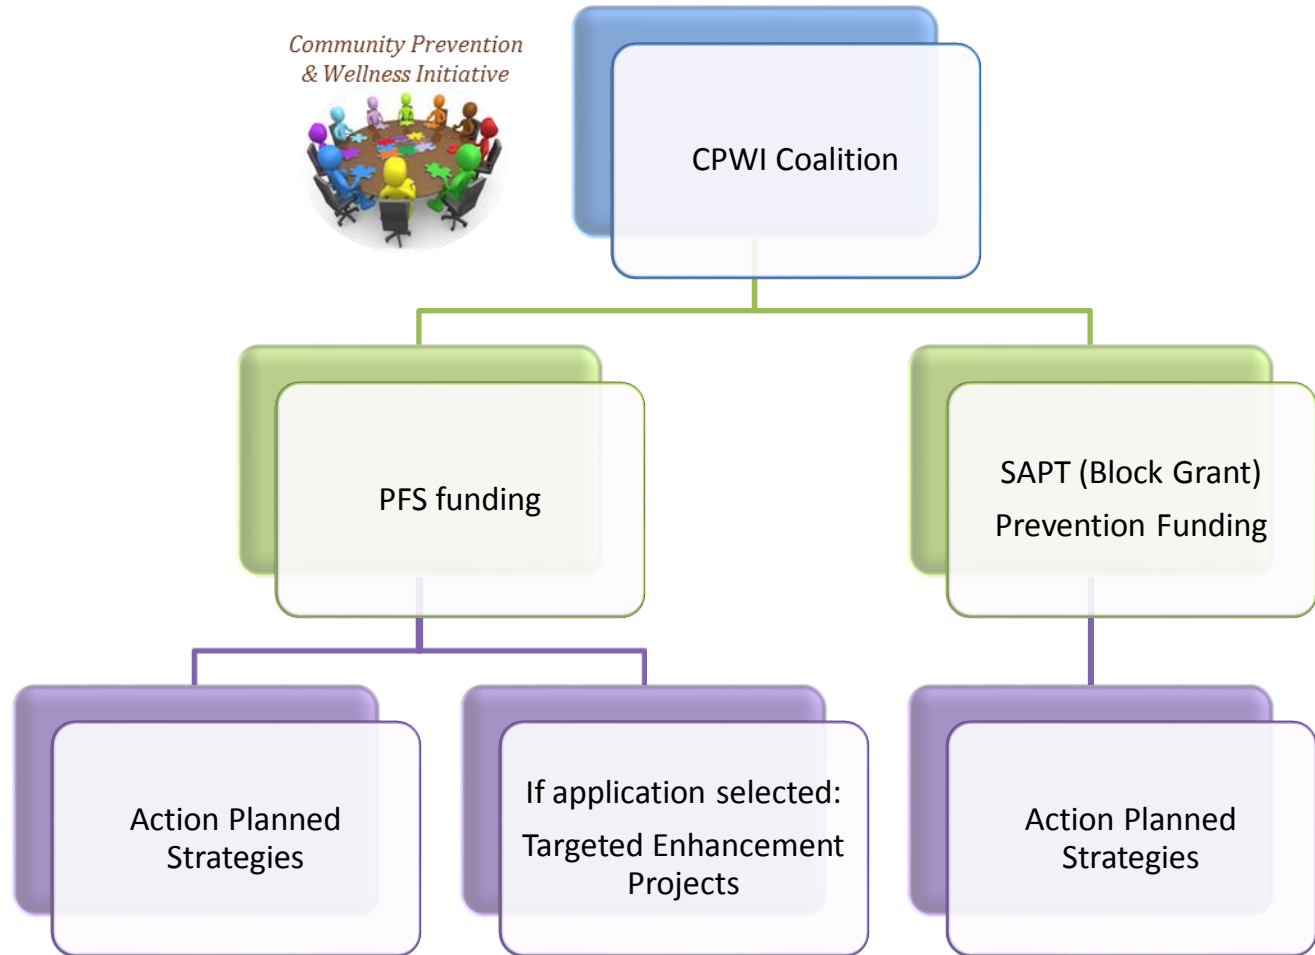

Overall Purpose:

- The 2014-2015 PFS Targeted Enhancement projects are to provide support to Community Prevention and Wellness Initiative (CPWI) communities that have the need, capacity, and readiness to implement select projects that aim to enhance community-based prevention.

Example for CPWI Communities Currently Receiving PFS Funds

Community Prevention & Wellness Initiative

CPWI Coalition

PFS funding

SAPT (Block Grant) Prevention Funding

Action Planned Strategies

If application selected:
Targeted Enhancement Projects

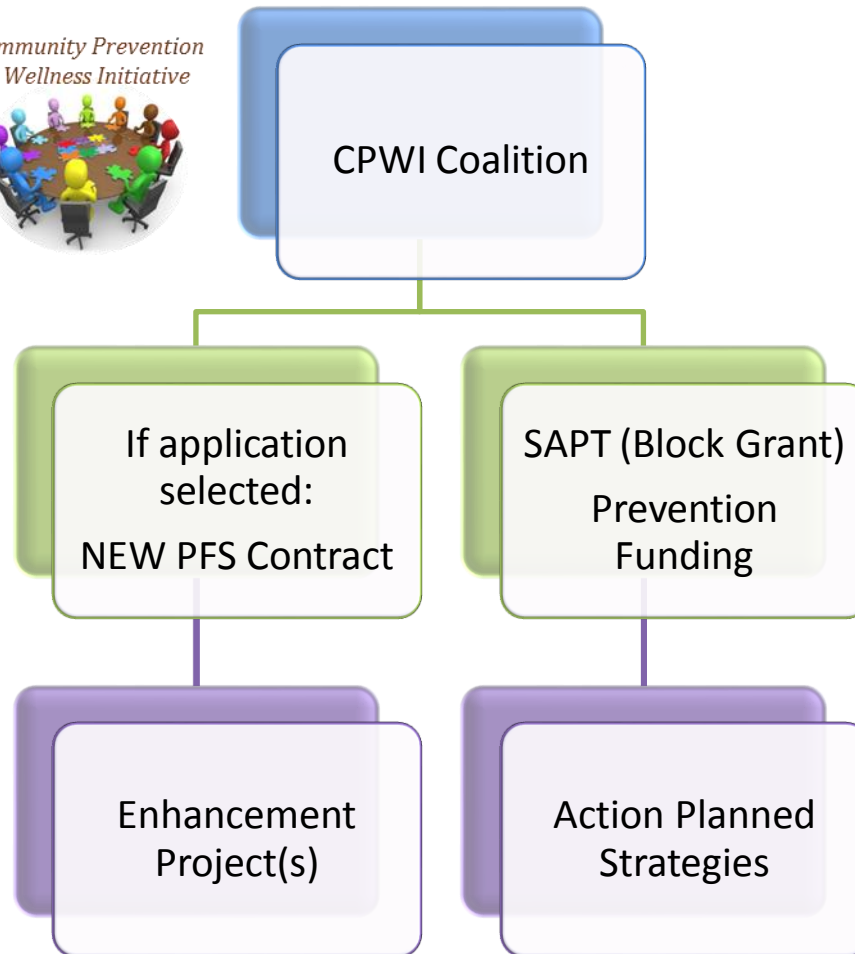

Action Planned Strategies

Example for CPWI Communities not Currently PFS Funded

Community Prevention
& Wellness Initiative

General Notes:

- Selection of project(s) should match the need of the community.
- Intention that selected communities will sustain and integrate these enhancement project in an ongoing way.
- More than one project may be applied for, however, all materials requested must be provided for each project applied for.
- *Should there not be a successful DBHR funded CPWI community applicant in the project(s) DBHR reserves the right to recruit coalitions to participate outside of CPWI coalitions.*

Eligible Applicants:

- DBHR funded CPWI community and must be in contract compliance with DBHR.
- CPWI communities with demonstrated need (financial and population).
- Special consideration during selection will include community geographic location(s) to provide for equal project distribution statewide.

Projects

Secure Medicine Take-back

\$2,000 per selected community

Project Scope:

- Enhance community capacity to practice safe disposal of medications by installing permanent secure drop boxes in locations where community readiness has been established but funding is limited.
- Disseminate public information including information on local treatment resources, naloxone information and medical response cards.
- Educate and encourage use of Washington State Prescription Drug Monitoring Program (PMP) with at least five (5) contacts in the medical community.
- Report efforts and progress monthly in PBPS.

Youth Marijuana Misuse and Abuse Prevention Capacity Building

\$6,750 per selected community

Scope:

- Schedule, coordinate, implement and host a full facilitator training for a program with youth marijuana misuse and abuse prevention outcomes.
- Promote training opportunity on www.TheAthenaForum.org.
- Report training services in PBPS.

Community Surveillance Pilot

\$4,500 per selected community

Scope:

- Coalition coordinator and one (1) coalition member complete the mandatory training.
- Project funding to support purchase of consultant technical assistance and software license fees (annual software license fee up to \$900.00).
- Participate in quarterly training and technical assistance meetings.
- Help pilot data collection methods to document and evaluate contribution to community change.

Advanced Community Surveillance Pilot

\$2,500 per selected community

Pre-Requisite: Applicants must have previously participated in original Community Surveillance Pilot project in 2014.

Scope:

- Project funding for consultant technical assistance and software license fees (annual fee is up to \$900.00).
- Participate in quarterly training, regular technical assistance, and community sharing meetings.
- Continue to pilot data collection methods to document and evaluate contribution to community change.
- Conduct at least two (2) mentoring meetings (in-person or virtually) with new 2014-2015 Community Surveillance Pilot Project coordinator during the contract period.

Coalition Sharing Incentive

\$2,500 per selected community

Pre-Requisite: Applicants must be a coalition with two (2) years of formally organized coalition experience.

Scope:

- Facilitate at least two (2) Sector Sharing meetings where sector groups gather and share experiences and ideas for community level change. Meetings may be in-person or conducted virtually using webinar technology. A phone conference will not be sufficient.
- Coalition coordinator and chairperson visit at least one (1) peer CPWI coalition (recommended by DBHR) during that other coalition's monthly full-membership coalition meeting for the purpose of cross-site sharing.

Outreach to Military Service Members, Veterans and Families

\$3,000 per selected community

Scope:

- Provide dedicated outreach efforts to recruit to Military Service Members, Veterans and their Families to participate in at least one (1) Evidence-based practice designed for parents/caregivers listed in Excellence in Prevention on The Athena Forum website.
 - Must complete implementation before June 30, 2015.
- Document the efforts to recruit increased participation among target populations.
- Document community collaboration to increase outreach.
- Increase number of Military Service Members, Veterans, and their families receiving prevention services.

Certified Prevention Professional (CPP) Incentive

\$320 per selected community

Scope:

- Applies to CPWI coalition coordinators that are not certified as of November 1, 2014.
- Incentive must support actual and allowable costs and must be related to implementing approved strategic plan.

Timeline:

- Project(s) may start as soon as a contract is fully executed.
- Deliverables must be completed by June 30, 2015 and reported monthly.
- Final billing for project(s) must be submitted on or before August 30, 2015.

(Note: Not all applications will be awarded. Depending on interest, number of projects awarded may vary. See scoring criteria on pages 11-13.)

1. **Secure Medicine Take-back Readiness** (\$2,000 per selected community)
2. **Youth Marijuana Misuse and Abuse Prevention Capacity Building** (\$6,750 per selected community)
 - i. Guiding Good Choices,
 - ii. Keepin' it Real,
 - iii. Life Skills Training, or
 - iv. Lions Quest Skills for Adolescence
3. **Community Surveillance Pilot** (\$4,500 per selected community)
4. **Advanced Community Surveillance Pilot** (\$2,500 per selected community)
5. **Coalition Sharing Incentive** (\$2,500 per selected community)
6. **Outreach to Military Service Members, Veterans & their Families** (\$3,000 per selected community)
7. **Certified Prevention Specialist/Professional (CPP) Incentive** (\$320 per selected community)

[CPWI Coalition Chair]
[Street Address]
[City, ST ZIP Code]
[DATE]

Dear _____:

[CPWI Coalition Applicant] would like to express interest in the 2014-2015 Partnerships for Success Targeted Enhancement Project(s) [insert complete project title]. Please accept this letter, completed Application Form and required documents as the Division of Behavioral Health and Recovery (DBHR) considers funding this year's Targeted Enhancement Projects.

[Project #1: Add Detail]

- Brief narrative on demonstrated financial and community need for implementation of project.
- Who will be responsible for the purchase of the secure drop box.
- List of funds and resources that will be leveraged at the local level to support and maintain project efforts.
- List all collaborative partners involved to support and maintain the project.
 - If available, provide the following:
 - Policies that have been adopted locally for a secure medicine take-back drop box.
 - DEA approval for the entity to operate the medicine drop box.
 - Local municipality agreement for drop box installation and a one-year commitment to maintain the drop box (i.e., emptying box as needed, weighing pills, and destroying medications through incineration).

[Project #2: Add Detail]

- Brief narrative on demonstrated financial and community need for implementation of the project.
- Identify local and state-wide collaborative partners with interest in becoming facilitators for the selected program.
- Provide proposed training schedule(s).
- Provide planned outreach and promotion strategies to reach participant number goals.

Questions??

Mental Health Promotion Project Overview

Overall Purpose:

- Increase the capacity for delivery of effective mental health promotion and suicide prevention efforts in communities served by Community Prevention and Wellness Initiative (CPWI) coalitions.
- The intention of the mental health promotion project is to support one (1) implementation in each ESD service area.

Eligible Applicants:

- Community Prevention and Wellness Initiative (CPWI) communities that can demonstrate an active partnership with their local School District and the Educational Service District (ESD) serving their area.

Funding:

Current total available funding is \$200,000 with a maximum funding request per application of \$20,000. DBHR reserves the right to negotiate to change the requested funding amount.

The letter from the coalition must demonstrate a minimum of 20 percent match of the awarded amount. Match does not need to be cash, but additional points will be awarded for cash match. Costs associated with substitute teachers and other instructional staff are considered cash match for this project.

Eligible Project Costs:

Youth Mental Health First Aid - Costs for implementing training for a minimum of 10 coalition members – and not fewer than 15 people total – up to \$1,000 (includes trainer costs, materials, and all other expenses associated with the training. Training must take place in the community.

Eligible Project Costs :

Personnel - Up to 20 percent of the total award can be used to support staff time to ensure effective implementation of the selected program.

Eligible Project Costs :

Selected Mental Health Promotion Program Implementation - Costs for implementing selected program in local schools, including: consulting with program developers to ensure “best fit”, training local instructors/facilitators to ensure program fidelity, purchasing curriculum materials, ongoing technical assistance from developers, and building local/regional capacity to provide technical assistance for the program.

Mental Health Promotion Program Name	NREPP Average Score
Early Risers (Skills for Success)	3.34
PAX Good Behavior Game	3.34
Primary Project	3.28
Good Behavior Game	3.18
Say It Straight	3.12
Fourth R (Skills for Youth Relationships)	2.8
Lions Quest Skills for Adolescence	2.71
Positive Action	2.48
Second Step	2.4
All Stars	2.2

Eligible Project Costs :

It is acceptable to either select and implement a new program from the list or expand implementation of a program that is on the list that is presently being implemented in the local School District.

Eligible Project Costs :

Note: Costs for substitutes for teachers and other instructional staff are specifically not allowed under federal guidelines for this funding.

DBHR reserves the right to negotiate for project scope and funding amounts.

Questions??

Suicide Prevention Project Overview

Overall Purpose:

Increase the capacity to deliver for delivery of effective mental health promotion and suicide prevention efforts in communities served by Community Prevention and Wellness Initiative (CPWI) coalitions.

Eligible Applicants:

- Community Prevention and Wellness Initiative (CPWI) communities that can demonstrate an active partnership with their local School District and the Educational Service District (ESD) serving their area.

Funding:

Current total available funding is \$125,000 with a maximum funding request per application of \$25,000. DBHR reserves the right to negotiate with the community to change the requested funding amount.

The letter from the coalition must demonstrate a minimum of 20 percent match of the awarded amount. Match does not need to be cash, but additional points will be awarded for cash match. Costs associated with substitute teachers and other instructional staff are considered cash match for this project.

Eligible Project Costs:

Youth Mental Health First Aid - Costs for implementing training for a minimum of 10 coalition members – and not fewer than 15 people total – up to \$1,000 (includes trainer costs, materials, and all other expenses associated with the training. Training must take place in the community.

Eligible Project Costs :

Selected Suicide Prevention Program Implementation - Costs for implementing selected program in local schools, including: consulting with program developers to ensure “best fit”, training local instructors/facilitators to ensure program fidelity, purchasing curriculum materials, ongoing technical assistance from developers, and building local/regional capacity to provide technical assistance for the program.

Suicide Prevention Program Name	NREPP Average Score
CAST (Coping and Support Training)	3.54
Sources of Strength	3.02
QPR Gatekeeper Training	2.68
Emergency Room Intervention for Adolescent Females	2.6
ER Means Restriction Education for Parents*	2.6
SOS Signs of Suicide	2.43
ASIST Applied Suicide Intervention Skills Training	Rated evidence-based by Suicide Prevention Resource Center

Eligible Project Costs :

Personnel - Up to 20 percent of the total award can be used to support staff time to ensure effective implementation of the selected program.

Note: Costs for substitutes for teachers and other instructional staff are specifically not allowed under federal guidelines for this funding.

DBHR reserves the right to negotiate for project scope and funding amounts.

Eligible Project Costs :

Optional activities

Networks for Life – Up to \$1,000 of the authorized funds may be used for Networks for Life instruction and authorized costs include trainer costs, materials, and all other expenses associated with the training. Each Educational Service District has trained a number of staff to provide training to School District personnel in Networks for Life, one of two curricula that addresses all three required components, according to a recent literature review.

Eligible Project Costs :

Optional activities

Counselor training on suicide - As a result of ESHB2356, substance abuse and mental health counselors need to receive suicide prevention training that focuses on screening, assessment and referral. Up to \$1,000 of the authorized funds may be used for training and implementation of a curriculum identified to address counselors' training requirements. The training must take place in the community.

Eligible Project Costs :

Optional activities

Means Access Reduction Training – If the community has a hospital with an emergency room, up to \$1,000 of the authorized funds may be used for training and implementation of [Emergency Department Means Restriction Education](#), [Emergency Room Intervention for Adolescent Females](#), or both. The authorized funds may be used for trainer costs, materials, and all other expenses associated with the training. The training must take place in the community.

Timeline:

1. Projects may start as soon as a contract is fully executed.
2. 90 days - Conduct Youth Mental Health First Aid training (YMHFA), using certified YMHFA instructors;
3. 120 days - A detailed implementation plan and final project budget – including the date that instruction will start in local schools with the selected program.

A Memorandum of Agreement that specifies the date of implementation for the selected program – signed by authorized representatives of the School District, Educational Service District, fiscal agent for the community coalition, and coalition - will be required to be submitted with the detailed implementation plan.

Timeline:

4. 180 days - Implementation of the selected program in local schools must begin within 180 days of a fully executed contract.
5. September 30, 2015 - Reporting shall be entered into the Performance Based Prevention System (PBPS) unless otherwise noted. Deliverables must be completed by September 30, 2015 and reported monthly.
6. November 30, 2015 - Billing will be required to be submitted by the 15th of the month for the previous month's services. The final billing for the project must be submitted on or before November 30, 2015.

Questions??

Application Face Sheet

Community Name: <input type="text"/>	
DUNS Number: <input type="text"/>	9-digit Zip Code: <input type="text"/>
Coalition Chair Name: <input type="text"/>	Coalition Fiscal Agent Authorized Signer Name: <input type="text"/>
Coalition Chair Email: <input type="text"/>	Coalition Fiscal Agent Authorized Signer Email: <input type="text"/>
Coalition Chair Phone: <input type="text"/>	Coalition Fiscal Agent Authorized Signer Phone: <input type="text"/>
Coalition Chair Signature: <input type="text"/>	Coalition Fiscal Agent Authorized Signer Signature: <input type="text"/>
ESD Authorized Signer Name: <input type="text"/>	School District Authorized Signer Name: <input type="text"/>
ESD Authorized Signer Email: <input type="text"/>	School District Authorized Signer Email: <input type="text"/>
ESD Authorized Signer Phone: <input type="text"/>	School District Authorized Signer Phone: <input type="text"/>
ESD Authorized Signer Signature: <input type="text"/>	School District Authorized Signer Signature: <input type="text"/>

Required Letters:

- 1. Letter from coalition chair** – this is the primary application letter and details the community’s mental health needs that justify the application. In addition to other information, this letter will specify the coalition’s commitment to working with the ESD and school district to implement the requirements of the project, local partners involved and how the required 20-percent match will be met.
- 2. Letter from Educational Service District** - Statement of concern from the viewpoint of the Educational Service District (ESD) about behavioral health issues, impacts on the schools and community, and support from the ESD to address those issues; commitment from ESD to work with coalition and school district.

Required Letters:

- 3. Letter from Educational Service District** - Statement of concern from the viewpoint of the Educational Service District (ESD) about behavioral health issues, impacts on the schools and community, and support from the ESD to address those issues; commitment from ESD to work with coalition and school district.

Required Letters:

Note: If applying for one type of funding, the letters need to be specifically directed toward that specific funding source, e.g., the coalition letter would specifically speak to the mental health need in the community that calls for mental health promotion funding.

If applying for both types of funding, the letters must make a case for both funding sources, e.g., the coalition letter would speak to the mental health needs – including suicide – in the community that calls for mental health promotion and suicide prevention funding.
