Specific data indicators your agency/organization used in planning/determining and monitoring for the need to support this "resource"

There are dozens of BRFSS and HYS questions that we track. The most important are: 10th grade 30 day use of tobacco, Adult smoking rate, Low income smoking rate, and Exposure to secondhand smoke by youth and adults.

Which population(s) does this "resource" primarily target? (check all that apply)

- ✓ Minority or other underserved populations
- ✓ Low income, public housing

Estimated number of people served/reached with this "resource" state fiscal year 2011 (Jul 2010 - Jun 2011)?

We believe that we serve the entire state's population with our services since we do primary prevention and law enforcement, so that would be about 6.5 million people.
