No	Agenda Items	Time	Lead	Summary Meeting Notes
1.	Welcome, introductions and Team Building	9:00	Kasey Kates WHY Co-Chair	The meeting was called to order at 9:03 AM. Attendees reviewed today's agenda, then introduced themselves and responded to the question, What is your best work from home accessory?
2.	Department of Health Agency Update	9:15	Steve Smothers & Heidi Glesmann, DOH	Kasey introduced Steve and Heidi who updated members on what the Department of Health is currently working on in the field of SUD prevention. Steve and Heidi updated the coalition on the changes that occurred last year and continued this year.

				<p>Steve and Heidi explained more about the roles and responsibilities of the team.</p> <p>Attendees were given the opportunity to ask questions.</p>
3.	<p>SPE Strategic Plan 2022; SPE Worksheet; Review 2018 WHY Action Plan</p>	9:35	<p>Kasey and Mary, Erika Jenkins (HCA)</p>	<p>Erika Jenkins was introduced and provided a brief overview of what/who SPE is, priority areas and how WHY is focused on marijuana and alcohol, the SPE 5-year Strategic Plan now being updated with WHY and other SPE workgroup's help. Erika then expanded on how she and Isaac provide support to WHY's work on the plan. Erika confirmed that the first ask is to present on challenges, success, and elaborated on the tool to help us define those challenges and successes. The Strategic Plan update timeline was reviewed Mary, Kasey, and Martha will be working to put the 2018 WHY Action Plan into a more workable format. This will be emailed out to members with the SPE worksheet for member review prior to the March meeting, where it will be discussed. Ad hoc teams may need to be formed in order to get various portions of the new Action Plan formulated.</p> <p>Members commented that the previous iteration of the action plan did not consider DEI; WHY needs to consider this in the new plan.</p>
4.	<p>Break</p>	10:10		
5.	<p>Legislative Updates</p>	10:20	<p>Megan and Mary</p>	<p>Megan shared about HB1668 which sought to regulate hemp-derived impairing cannabinoids, how it was delayed, and "dead" and how it was revived. Megan gave the update on the latest her work with Rep. Kloba. The difference between the former bill has a licensee fee added. This allowed the bill to be revived. Title has been narrowed in the attempt to limit amendments.</p> <p>Stories are being gathered to inform legislators about the public health side. Please contact Megan (megan.moore@kitsappublichealth.org) or Liz Wilhelm (lizprevention@gmail.com) with your story or pictures of hempderived impairing cannabinoids being available in the stores or markets where youth can see and buy.</p> <p>Mary reviewed the current bills that are still moving. The bills are listed in the PowerPoint sent out with these meeting notes.</p>
6.	<p>Are licensees complying with alcohol delivery regulations?</p>	10:XX	<p>Mary</p>	<p>April is Alcohol Awareness Month. As a prep for this AAN is looking to revive the assessment tool introduced to WHY last year by Julia Dilley.</p>

			<p>Mary reviewed current data on compliance checks, trends, delivery requirements, and problems with delivery compliance checks. The assessment tool would make compliance checks much easier and cost affective.</p> <p>Looking ahead, at the March meeting we will be revisiting the assessment tool.</p> <p>If the delivery is appropriately labeled, are there repercussions to the third party delivering to underage recipients? Mary will check.</p> <p>After meeting note from Mary: As we talked about compliance checks for alcohol delivery, the question was asked what happens when 3rd party delivery drivers deliver alcohol to minors since they are not LCB licensees. Here is the response from LCB enforcement: If they had knowledge of the alcohol being included in the sale, they could potentially be charged criminally for delivery to a minor based on the totality of the circumstances.</p> <p>As we discussed in the meeting, though, if they had no idea it was included (e.g., the outside of the package was not labeled as is required and they were not informed), then we would have a hard time proving it was done knowingly. However, the licensee would be in violation for not labeling the package.</p>
7.	<p>Communications Team Update Delta-8 Team Update</p>	10:XX	<p>Martha</p> <p>Communications Team is continuing their work to keep the Start Talking Now website vital and current. We are working on the protocol for site updates after January’s training session with WATech. The team also worked on updating the Team Goals for 2022 calendar year. Meeting logistics was discussed. Delta-8 Team did not meet in February due to the Legislative Session schedule.</p>
8.	Meeting wrap up	10:XX	<p>Martha</p> <p>Martha reviewed the Action Items from this meeting.</p>
9.	Round Table Member updates	10:XX	<p>Kasey: Spring Youth Forum news – Spring Youth Forum save the date (May17th) has gone live! We are also looking for feedback from youth and anyone who works with youth so please visit https://springyouthforum.org/ and complete the survey. It is a quick thrnaround but it is a quick survey, so we welcome your feedback. Please share widely. Greg Williamson: Greg will check with his division at DCYF to see if any other prevention focused staff that might be interested in taking part in this group Nikki: Statewide campaigns will be ready for recruitment for youth groups to get involved with campaign updates.</p>

				<p>Sara (ESD113): in partnership with Talk They Hear You sponsoring a night out with parents. Please contact Sara if you are interested in attending. ESD113 is offering other programs through the ESD system re: Emily: COVID-19 Survey is underway. https://www.k12.wa.us/student-success/health-safety/covid-19-student-survey Jason can present data at the April meeting.</p>
10	Adjourn	11:00	Kasey Kates WHY Co-Chair	The meeting was brought to a close at 10:55 AM

Action Items/Decisions					
#	Action Item	Assigned To:	Date Assigned:	Date Due:	Status
1	HB1668: Stories are being gathered to inform legislators about the public health side. Please contact Megan (megan.moore@kitsappublichealth.org) with your story of hemp derived cannabinoids being available in the community.	All	2/18/2022	2/18/2022	
2	If the delivery is appropriately labeled, is there repercussions to the third party delivering to underage recipients? Mary will check.	Mary	2/18/2022	2/18/2022	Completed
