No	Agenda Items	Time	Lead	Summary Meeting Notes
1.	<b>Welcome and introductions</b>	<b>9:00</b>	<b>Kasey Kates</b> WHY Co-Chair	Share spring activities for Introductions

	<b>Team Building</b>			
2.	<b>Washington State Patrol</b>	<b>9:20</b>	<b>Dave Putnum</b>	<p>Dave stated Toxicology laboratory funding has been accepted. If everything goes well, they should be increasing their toxicology by doubling efforts so that is good news for drug DUI test processes. In addition, DUI's, DUI fatalities, and arrests are down roughly 50%. There has been significant drops in March.</p> <p>Dave exclaimed that traffic volumes down 50% but starting to increase every day. As far as when the Stay at Home order is lifted, the spring time might increase volumes but not at the traditional traffic times. Washing State Patrol will start collecting data differently for instance: speed collisions, track data by citation, and shift trafficking in King County. There is a huge shift and still trouble shooting between the two different systems by; trying to re-hash the data, plan on launching data this summer (around July). <b>Goal:</b> better attack the primary cause.</p> <p>Dave explained the journey of the Toxicology lab being static - in mid-2000 it has gone from 2,000 tests to 10,000 today. However, the increase has created much demand on the system by slowing down licensing, cases being fled, and allowed for more people to slip through the cracks. What this will do for them: double staffing and get within 90 days for reporting (used to be a year-ish, want to reach the goal of 30 days).</p> <p>Gun deaths? Report all criminal data to Police Department and FBI. More serious threats like domestic violence and child abuse has risen slightly, but no live data because it is a little behind.</p> <p>Dave is looking for a 2021 data request to include: reporting, investigation, and complaint reports to have live data.</p>
3.	<b>Community Survey Results</b>	<b>9:40</b>	<b>Sandy Salivaras-Bodner</b>	<p>Sandy explained a quick overview of CPWI and the Community Surveys while focusing on alcohol and marijuana questions. Launched in 2011 and currently have 82 CPWI high-need communities across the state. Survey admitted annually by community coalitions themselves, based off populations, English and Spanish, hard copy paper and online available with 6 different language options.</p> <p>Survey Content: Attitudes and perceptions towards youth substance use. In 2019, 18,106 surveys were collected.</p> <p><b>Demographics Highlights:</b></p> <ul style="list-style-type: none"> <li>• Mostly female respondents</li> <li>• Majority not raising children</li> <li>• Respondents are educated with some sort of college degree</li> <li>• Major ethnicities: White or Hispanic</li> <li>• Alcohol use: majority of respondents believe it is a moderate to serious problem in their community</li> <li>• Trends of alcohol use: still serious to moderate...However, seriousness has gone down slightly since 2014.</li> <li>• Marijuana use: Majority believe it is a serious problem and over time the needle has not moved much.</li> <li>• Slight risk for youth using marijuana once or twice</li> <li>• High risk youth using marijuana regularly</li> </ul>

4.	<b>Break</b>	<b>10:10</b>		
5.	<b>COVID-19 Impacts on alcohol and marijuana use</b> <ul style="list-style-type: none"> <li>• <b>Agency updates</b></li> </ul>	<b>10:25</b>	<b>Members</b>	<p>Discussion on how responding to COVID-19 will affect the marijuana and alcohol use. Also, addressing the major holidays like April “420” and Cinco de Mayo.</p> <p><b>How are agencies responding?</b>  Emily- Schools are closed but making sure compassionate, communication, and common sense to make sure kids are supported emotionally during this time. However, it is hard to report because kids are not in school.</p> <p>Priscilla- Switched to social media platform by developing videos to post on website, holding virtual neighborhood meetings to help connect communities, youth leading change program to develop messaging on social media for opioid prevention and social norming campaign, town hall meetings for COVID-19 on neighborhood leaders, and multiple resources for community connectedness.</p> <p>Samantha- CPWI community in Yakima County increased in social media outreach efforts with Facebook live, Instagram takeovers, and even TikTok for the high school students. Also, reaching out to different radio stations in English and Spanish. Moving forward, putting together packets of information for health and wellness with school lunches.</p> <p>Jason- Taking advantage and maximizing existing data plans. For example, looking at high risk data on the month following Spring Break to review alcohol and marijuana usage increasing or decreasing. Jason emphasizing the importance of analyzing data, especially questioning why alcohol and marijuana businesses are considered essential businesses. To connect, reaching out through Zoom, recording prevention content, and supporting key leaders throughout the country.</p> <p>Sabrina- Distributing chrome books to school district, doing their best to reach out to the community in all ways possible.</p> <p>Sheri-Empower local leaders to be the resource in their school communities; digital equity, feeding programs, and PTA non-profits. Great to see the hearts of the leaders and parents on how they can step up. Lastly, always wanting to advocate against marijuana use and having their convention virtually by spreading it out for 13 days and providing advocacy panels.</p> <p>Kasey- Division of Behavioral Health and Recovery have decided to hold Spring Youth Forum virtually this year. They have decided to not provide the scholarship because of equity with internet options. Regardless if youth teams can attend or not, every youth that participated will have some honor and maybe a “swag bag.”</p> <p>Liz- Healthy King County Coalition gathered folks around King</p>

				County, led by Aaron James, gathering resources from various coalitions to help coordinators in various ways to reach out to the youth and engaging them by taking a measured approach (particularly alcohol, marijuana, and vaping use).
6.	<b>Updates from LCB</b>		<b>Sara B</b>	<p>Every day at 10am there is a policy call to review all of the requests from industry and licensing groups asking for additional allowances.</p> <ul style="list-style-type: none"> <li>• Review and seeing how to respond</li> <li>• Emphasis on small businesses and livelihood</li> </ul> <p><b>Discussion Questions Summary from Sara-Pelican-</b> Active investigations going on</p> <p><b>Cocktail Togo-</b> Manufactured seals bottles of alcohol is allowed as long as food is with the purchase. What you cannot have: alcohol in a fountain drink cup and sealing it that way.</p> <p><b>Legislators-</b> open containers in vehicles are not allowable.</p> <p>Opening and consuming liquor in a public place</p> <ul style="list-style-type: none"> <li>➔ RCW 46.61.519 citation for open Container for more information</li> <li>➔ 66.44.100 citation for consumption of liquor in a public place at point of sale for unsealed container</li> </ul> <p><b>DOH-</b> Sara and Kasey can send letter drafts to help clarify statistics on sharing for open containers. Sheri stated her insight in Woodinville for implementation with 40 councils across the state to have common leadership in conjunction with their school district. Mayor of Woodinville invited Sheri to come, Sheri suggested to reach out that way for advocacy at the local level.</p> <p><b>Scott-</b> Stated the importance of uncertainty of the entire situation and emphasize the economic realities that are going on. Also, ensure temporary measures and do not become the new norm.</p> <p><b>Kiro 7 News Station Session:</b> have conversations to help promote resources in Tacoma/Seattle area</p>
7.	<b>Communications Team Update</b>	<b>11:10</b>	<b>Scott</b>	<p>Scott explained the Start talking Now website for WHY Coalition. Go through, review, update contacts, and revisions of formatting (specifically the parent’s section). This is crucial because there are very few resources to talk about marijuana and other drug use issues. Start Talking Now Facebook page has increased 300% for engagement efforts.</p> <p>Athena Forum is a huge resource that DBHR maintains and they have an entire section for COVID-19 and Prevention support. Virtual discussions with parents for issues with family management, resiliency, and communication with children.</p>
8.	<b>Meeting wrap up</b>	<b>11:25</b>	<b>Samantha P</b>	<ul style="list-style-type: none"> <li>• Samantha reviewed the Action Items assigned during the meeting.</li> <li>• Reaching out to Sandy for additional Community Survey questions</li> </ul>
