

# Reason(s) for Referral

The Reason(s) for Referral field appears in the Student Services channel within the Intake & Screening sub-channel. An intake & screening is required to be reported for every student referred to Community Prevention and Wellness Initiative (CPWI) school-based services.

The Reason(s) for Referral field is used to **identify the reason(s) a student has been referred** to CPWI school-based services. If there is more than one reason a student is referred to services, select all that apply.

Reason	Definition	Examples
Alcohol, Tobacco, and Other Drugs (ATOD)	Concerns related to a student's possible use of alcohol, tobacco, cannabis, opioids, or other substances.	<ul style="list-style-type: none"> <li>Alcohol use</li> <li>Tobacco use</li> <li>Cannabis use</li> <li>Opioid use</li> <li>Other drug use</li> <li>Recovery</li> </ul>
