

# Center for Health & Safety Culture

March 31<sup>st</sup>, 2016 9 am-4pm Lunch provided

## POSITIVE CULTURE FRAMEWORK TRAINING

### What is Positive Cultural Framework Training?

**PCF is a natural next step from “Positive Community Norms” or  
“Social Norms.”**

Capital Region ESD 113 is hosting a 1 day training on the Positive Culture Framework (PCF) in TUMWATER, WA.. The purpose of the Positive Culture Framework (PCF) training is to teach participants about the framework which is grounded in the latest science and takes a cultural approach to improving norms relating to health and safety.

Attendees will learn about the three components of the Framework; leadership, communication and the integration of evidence-based strategies for a comprehensive approach to prevention in their communities. Participants will leave the training with specific next steps for implementing a Positive Culture Framework process in their community.
