

Washington Statewide Family Network 2024 Children's Behavioral Health Summit

NAVIGATE TOGETHER

Charting a Course From Crisis to Wellness

Join us to learn about the Mobile Response and Stabilization Services (MRSS) and 988 programs. The Health Care Authority seeks input from families, youth, and system partners to identify successes, challenges, and barriers. To ensure authentic family voice, it's vital to understand the programs' design and their benefit to families.

A panel of state partners, along with family and youth leaders will provide insights and address inquiries. Engage in discussions to shape these initiatives and share your experiences.

YOUR VOICE MATTERS!

TOPICS & HIGHLIGHTS

- FREE event
- Mobile Response Stabilization Services & 988
- Share space with state partners.
- Join the discussion!

MONDAY MAY 6, 2024

9 AM - 5 PM
