# Contract compliance

---

- ▶ Compliance is monitored throughout the year using a variety of different tools, resources, and information including metrics like accurate as well as timely invoicing and prevention service data entry.
- ▶ When needed, a Corrective Action Plan (CAP) may be requested.
- ▶ Any extension or exception requests must be submitted in writing, and this may or may not be able to be approved.
  - ▶ If repeated extensions or exceptions are requested, this may result in a non-compliance.
- ▶ Example: Due to an internal accounting error, a supplemental invoice is needed. The invoice submittal will still be within the 45-day due date after grant closure meaning the grant is still open and able to be billed toward. Great news! However, the invoice submittal is overdue according to the service delivery clause. In this case, the Contractor must submit a formal request to the contract manager that might look something like:
  - ▶ We are requesting an extension to the service delivery clause to submit a [insert month/year] supplemental invoice. This is being submitted late due to an accounting error that was found during an internal review process. We will submit the invoice on [insert date]. We have rectified the problem and we do not anticipate it will be an issue moving forward.

## Instructions for Successful Billing of Prevention Services Expenditures: Submitting Prevention Reimbursement Invoices (A-19s)

### Introduction/General Submission Information

**"A-19" is the term we use for the reimbursement invoice template that DBHR provides to you.** Please follow this guidance for successful invoice processing for prevention services.

- A. Use the **current A-19 Template** provided to you by DBHR for monthly invoicing.
  - a. All prevention service contracts are cost reimbursement.
  - b. Please do not make changes or additions to the A-19 template. If you have questions about your template, please reach out to your DBHR Prevention Manager.
- B. Submit A-19 for the month of service **after all data entry is complete in Minerva for that month.**
  - a. Data is due in Minerva or its successor by the 15<sup>th</sup> of each month for the previous month's services.
- C. For months that you do not plan to bill to DBHR, please send an email to [A-19DBHR@hca.wa.gov](mailto:A-19DBHR@hca.wa.gov) and CC your DBHR Prevention Manager using the naming convention shown in Part F below. Be sure to indicate the month that you will not have billing. Please reference only one billing month per email.

**NOTE:** [A-19DBHR@hca.wa.gov](mailto:A-19DBHR@hca.wa.gov) and [hcadbhr-a-19dbhr@hca.wa.gov](mailto:hcadbhr-a-19dbhr@hca.wa.gov) are the same inbox and can be used interchangeably.

- D. For any month you plan to submit an invoice crediting DBHR for any fund source(s), an invoice with a reimbursement request for expenditures must also be submitted at the same time to reflect a total amount of expenditures that is equal to or greater than the credit. In doing so, this allows HCA to issue one payment netting **all** of the applicable credits and reimbursements together. Please reach out to your DBHR Prevention Manager with any questions.
- E. Submit the A-19 invoice via **email only**.
  - a. In your email include: the A-19 in both Excel **AND** a signed PDF format. **\*\*\*Please make sure all completed fields in the Excel and the PDF are EXACTLY the same minus the signature information\*\*\***
  - b. Please ensure that the Excel file includes only one month's invoice, and that the PDF is legible, and the orientation is right-side up (i.e., portrait).
    - i. Please see the [PDF Tips for Contractors](#) guidance document for more information regarding PDF submission options.
  - c. **Send only one A-19 (Excel & PDF set for the month) per email to A-19DBHR@hca.wa.gov** and CC your DBHR Prevention Manager. If you have multiple months to invoice for at the same time, please send them in separate emails.

- F. As you prepare to submit an A-19 invoice to the A-19 inbox, use the following **naming convention** for the Subject Line of the email and as the title of the PDF and Excel file for each month's A-19 invoice:

**Contract Number/Contractor name/Service Year/Service Month/Billing#/CPWI or CBO or SAP.**

- a. For example, a CPWI Community's July 2022 original invoice for **CPWI Prevention** would be:  
**K0000SampleProvider20220700CPWI.**

# Naming conventions – scenario

---

You submitted an invoice to the A-19 inbox. It is the first December invoice you have sent to DBHR.

However, there is an error on the invoice and you receive a denial from your Prevention Manager asking for you to correct and resubmit the December invoice.

When you submit the updated December invoice, should you use an original or supplemental invoice naming convention?

*Hint: p. 1 of the Successful Tips for Billing document may be useful.*

# CSAP strategies

CSAP designations for each program are determined during the Action Plan and Budget process.

You may use an approved Action Plan (CPWI coalitions and CBO grantees) to make sure you are including the correct CSAP Strategy on their invoice.

You may also choose to work with your Prevention Manager to build-out an invoice template to include your specific programs.
