

Enhanced Prevention Learning Series: Prevention Ethics

Save the Date

Series Description

This 2-week distance learning series offers a unique interactive experience that provides participants an opportunity to explore the six principles of the Prevention Code of Ethics using realistic examples designed to strengthen participants' abilities to manage challenging situations in their work. The learning series is structured to also provide online consultation, skill-based learning and practice, group and individual activities, reading assignments, and discussion on topics essential to application of an ethical decision-making process. During this EPLS participants will: 1) Define Ethics and related terms, 2) Describe the six principles in the Prevention Code of Ethics. 3) Use an ethical decision-making process to apply the Prevention Code of Ethics
